

A large crowd of people is seen from behind, walking or running down a street. Many are wearing white t-shirts with a logo on the back. The scene is overlaid with a solid blue color. In the background, there are trees and a building.

To help you spread the word, we've created a range of promotional materials for you to use at your event or on your social channels.

Customisable social tile

Promote your event on social media using this customizable social media tile. To use the tile:

1. Create a free Canva account.
2. Click the image template on the right; this will open the template in Canva.
3. Make a copy of the template by going to 'File' in the top left. Then select 'Make a Copy' from the dropdown menu.
4. Enter the details of your event, including your goal, event name, and details, plus an image to help it stand out.
5. Post your event on social media with a link to the event page. Don't forget to tag White Ribbon Australia.

Event materials

Social tile

If you don't have time to customize your own social media tile, that's fine too. You can always share the link to your event with our standard fundraising graphic.

Alternatively, if you share the link in your caption without an image, it will automatically display the image you've uploaded to your event page.
